

# Maintenance Sustainability IMPACT REPORT 2024

## ALL ELECTRIC EQUIPMENT

We saved over 5400 lbs of CO2 from being emitted by using electric equipment

66%

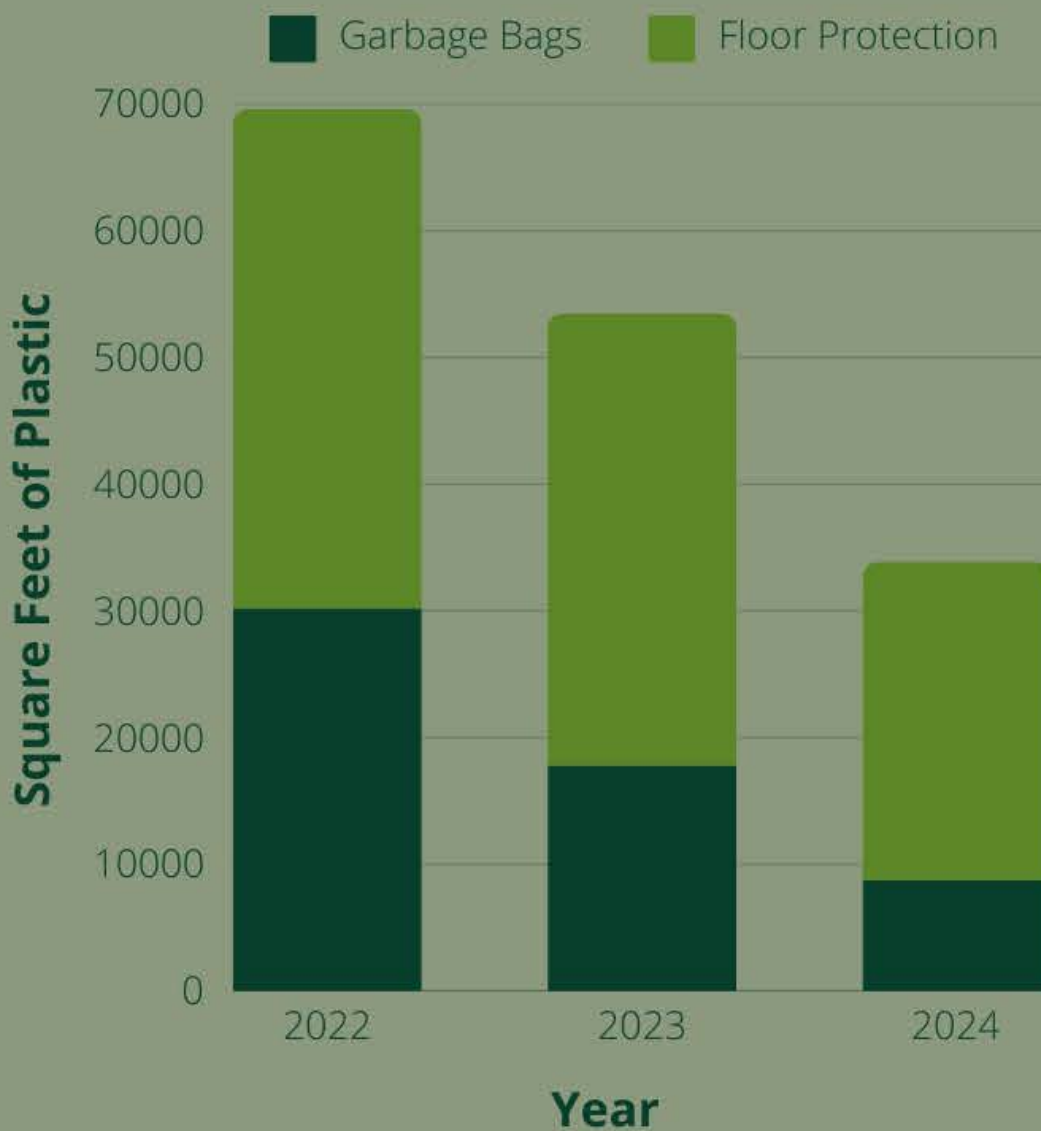

## REDUCTION IN SINGLE-USE PLASTICS SINCE 2022

3.6 TONS

## OF YARD WASTE DIVERTED TO COMPOST

With over 7,200 lbs of yard waste and 570 lbs of coffee grounds from our friends at Werewolf Coffee, this diverted waste now makes up our compost system that in turn fuels your garden!

Closed-loop compost

Pesticide-Free Products

52,000 sqft of plastic saved in 2 years

200+ plants donated

100% of plastic pots donated or recycled

# Maintenance Sustainability FINANCIAL REPORT 2024

## ALL ELECTRIC EQUIPMENT

Our new blower and battery paid for itself by not requiring gas and oil

71%

REDUCTION GARBAGE BAG COSTS SINCE 2022

48%

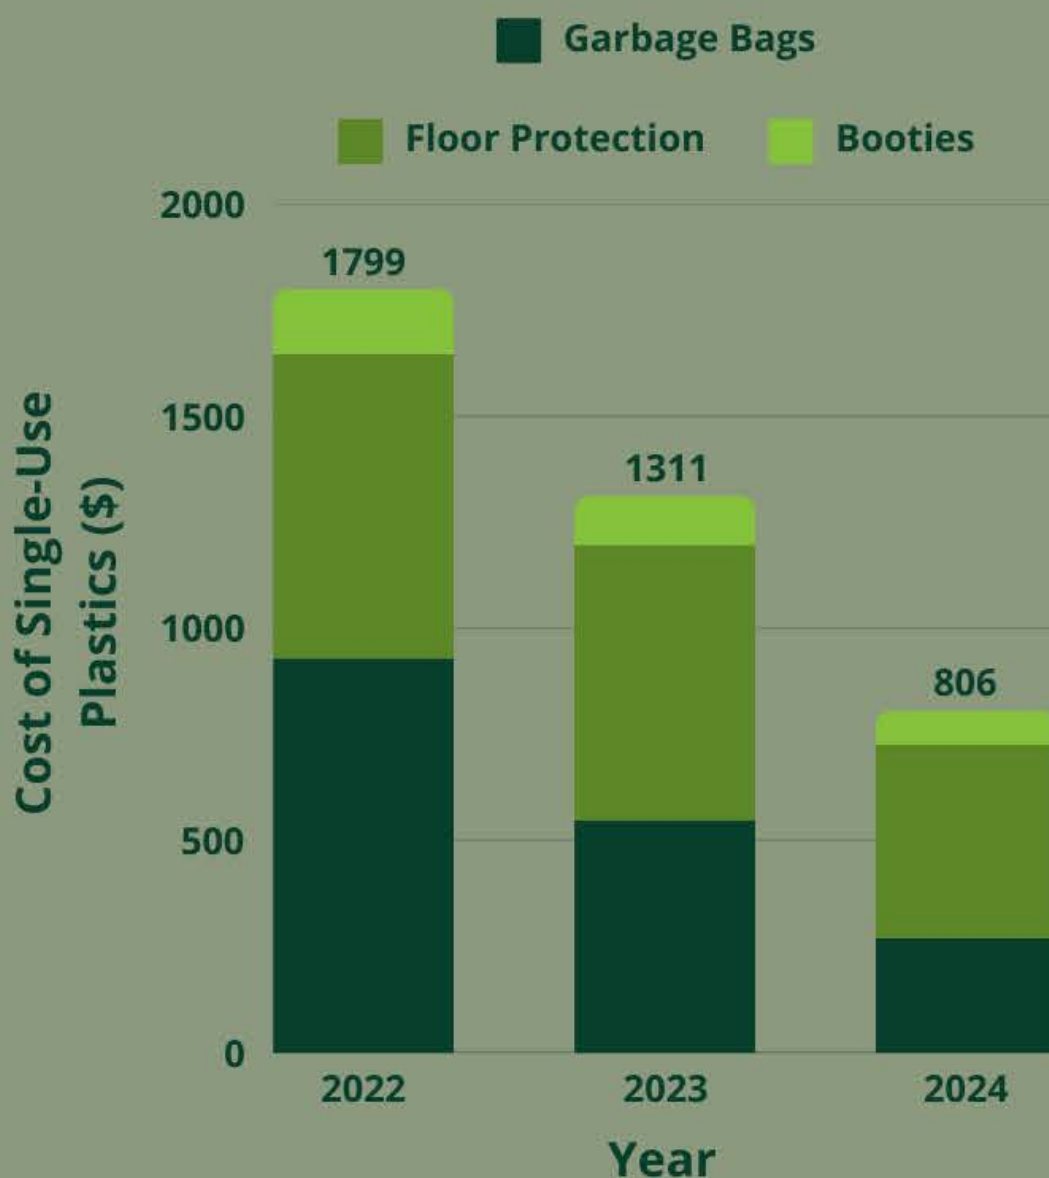

REDUCTION IN SHOE COVER COSTS SINCE 2022

36%

REDUCTION IN FLOOR PROTECTION COSTS SINCE 2022

## Closed-Loop Compost

Thanks to our new compost system at the yard which we installed at no cost, and the use of our new reusable products, we saved almost 3 full dumpster swaps this year, saving us an additional \$975
